PROFILE SUMMARY

Student of Software Engineering at Cyprus International University with experience as a Front-End Developer at VatanZarin, where I contributed to both Back-End and Front-End development, designed ERDs, and worked with React to enhance UI/UX. Skilled in React.js, Next.js , TypeScript, and Tailwind.

EDUCATION

2021-Present
CYPRUS INTERNATIONAL UNIVERSITY

- Bachelor of Software Engineering
- CGPA: Good

WORK EXPERIENCE

VATAN ZARIN 2023 - 2024
Front-end Developer

- Website Development: Coded for various websites, focusing on functionality, performance, and clean code.
- Front-End Development with React: Contributed to the Front-End using React, working on components and improving UI/UX elements.
- Collaboration and Adaptability: Worked closely with team members, adapting to project needs and professional development practices.
- Skill Growth: Gained hands-on experience in both Back-End and Front-End, enhancing my full-stack development capabilities.

SKILLS

- **Front-End Developer**
- **React**
- **RestAPI**
- **Next.js**
- **Algorithms**
- **TypeScript**
- **JavaScript**
- **Github**
- **GSAP**

CERTIFICATES

- The Last Algorithms Course You'll Need
- Full Stack For Front-End Engineers
- Ultimate CSS Grid
- Vanilla JS
- Complete Intro For React
- Everything About Git & GitHub
- Deep JavaScript Functions

LANGUAGES

- English: Fluent
- Persian: Fluent
- Turkish: Intermediate
